*What I Need to Succeed*  
**FOODS BRAT STAND!**

The Hope WINS mission is to educate and equip parents and children with necessary tools for healthy relationships. We do this through parent coaching and mentoring, providing camp experiences for children, providing family enrichment events, trauma training to families and community members, and connecting families with other resources. Our goal is deep rooted relationships and a team effort for family success. Proceeds will send kids to an amazing summer camp and provide materials for necessary training and mentoring.
